Tork® is the leading global brand in workplace hygiene. Helping your business reach ever-higher levels of performance takes continuous improvement of work processes. After streamlining systems and methods, there is an opportunity for saving time, money and effort that is often overlooked: your wiping and cleaning tasks.

Why Tork?

We understand your business

We know staff are more efficient when they have the right product for the task at hand. So Tork dispensers are designed for single-hand dispensing or to be portable or mobile so you can keep wipers nearby.

For the food processing industry, many wipers are HACCP and ISEGA certified, including use in direct contact with food.

We improve efficiency

Tork wipers and cloths are free of contaminants, consistent in size and more absorbent than rags.

Tork paper products with QuickDry are stronger when wet and more absorbent than ordinary paper and cloths made using exelCLEAN® – a patented foam-spun technology will give you quicker, more professional cleaning results.

We deliver a better experience

Tork Easy Handling™ packaging is designed to make handling easier and more ergonomic for everyone, saving time and improving workplace conditions.

You can make a responsible choice

Over 65% of the wiping and cleaning range are FSC® certified or carry EU Ecolabel or Environmental Product Declarations.

Product recommendations for the food manufacturing industry

Wiping that leaves nothing to chance

Thorough hand washing and drying to remove bacteria. Cleaning working areas, machinery and performing maintenance and quality control. In the food manufacturing industry, wiping and cleaning tasks are varied, but hygiene always comes first. Using Tork ensures you can handle these tasks with confidence.

Hand wiping and wiping down food

128208

Tork Wiping Paper

A multi-purpose paper that handles most wiping tasks.

- Ideal for mopping up liquids and hand wiping
- Ideal for direct contact with food – wiping down raw foods, straining or draining
- Blue colour paper for high visibility
- For Tork Wiping Paper products in different formats or colours, refer to page 12

Wiping spills in production area

130052

Tork Wiping Paper Plus

A multi-purpose paper that handles most wiping tasks.

- Ideal for mopping up liquids and hand wiping
- Ideal for direct contact with food – wiping down raw foods, straining or draining
- For Tork Wiping Paper Plus products in different formats, refer to page 13

Machinery maintenance

90477

Tork Long-Lasting Cleaning Cloth

A durable and absorbent multi-purpose cleaning cloth that can be used repeatedly without tearing.

- Suitable with most solvents and detergents
- Low-linting
- Food contact approved by HACCP
- Refer to page 20

Food industry product certification

ISEGA conduct independent testing and certification of material intended to come into contact with foodstuffs.

HACCP (Hazard Analysis and Critical Control Points) is an internationally recognised risk management system that identifies, evaluates and controls hazards related to food safety.

FZP HACCP Certified FZP (Food Zone Primary) wipers and cloths are suitable to use in the food zone and are safe for direct contact with food.

FZS HACCP Certified FZS (Food Zone Secondary) items are suitable for touching food contact surfaces but not food

Product recommendations for hotels, restaurants & food services

Diverse tasks demand flexible solutions

We understand the high-tempo nature of working in a modern restaurant or catering facility.

Wiping and cleaning tasks can involve everything from degreasing hobs, grills and working surfaces, to cleaning dining areas, service counters and other areas that guests and staff come in contact with.

Back of house – cleaning and hand wiping

473263

Tork Reflex

Achieve optimised flow in the kitchen. Clear spills and mess quickly and cost effectively, without waste or fuss. One-hand dispensing with the M4 rotating nozzle providing access to paper from any angle.

- Single sheet dispensing reduces consumption by 37% compared to standard free-flowing systems
- 2 ply, disposable FZP paper wipers can be used to wipe down or strain food and users only touch what they take
- For a complete range, please refer to pages 12-13

Tea towel replacement

530177

Tork Heavy-Duty Cleaning Cloth

Strong and absorbent multi-purpose cloths are an ideal tea towel replacement.

- Improve hygiene with disposable cloths that help reduce the risk of cross-contamination compared to unhygienic tea towels
- Spend less time laundering tea towels or rental cloths and more time on food preparation
- Food contact safe with HACCP FZP certification so can be used wipe down or strain foods

Front of house – cleaning

130082

Tork Industrial Heavy-Duty Wiping Paper

Maximise production time and achieve the task in less time with less product with the added strength and absorbency of QuickDry technology.

- Dual textured surface – one to clean rough surfaces and a smooth side to buff or polish
- Single-use, highly absorbent wiping solution
- For a complete range, please refer to page 15

Food industry product certification

ISEGA conduct independent testing and certification of material intended to come into contact with foodstuffs.

HACCP (Hazard Analysis and Critical Control Points) is an internationally recognised risk management system that identifies, evaluates and controls hazards related to food safety.

FZP HACCP Certified FZP (Food Zone Primary) wipers and cloths are suitable to use in the food zone and are safe for direct contact with food.

FZS HACCP Certified FZS (Food Zone Secondary) items are suitable for touching food contact surfaces but not food

Product recommendations for automotive & industry

The details that matter for better performance

Our industrial products are used to tackle a range of tasks, from preparing parts, cleaning before painting, improving maintenance work or quality control processes and mopping up leaked oil or other spills. We can offer something to meet all these needs, as well as offering specialist cleaning cloths that are perfect for working with sensitive surfaces due to very low lint properties.

Preparing parts before production

2327158 2340770

Tork Industrial Reinforced Wiping Paper

Sustainable, safe and super strong wipers designed for repeated use. Made from 4 ply tissue and reinforced with cotton scrim netting.

- Suitable for use wet or dry
- Highly absorbent wiping up spills, fine grease and oils
- Increase safety by removing ignition risk due to cotton scrim netting
- For Tork Industrial Reinforced Wiping Paper products in different formats, refer to page 14

Maintenance of machines – rag replacement

520678

Tork Industrial Cleaning Cloth

Excellent absorbency and strength due to exelCLEAN technology, saving you time, effort and money.

- Protects hands from heat and metal scraps
- Works well with most solvents and withstands hard scrubbing without falling apart
- For Tork Industrial Cleaning Cloth in different formats, refer to page 18

Presentation services – polishing

197478

Tork Polishing Cloth

An extremely low-linting, soft and flexible cloth that releases polishing agents for a professional shine without leaving any traces.

- Perfect for use on metal or sensitive surfaces
- Used for interior and exterior surfaces
- Refer to page 22

3 steps to the right wiping and cleaning products for your business

Making your working day easier is our focus. Our wiping and cleaning range has been designed with simplicity, efficiency and economy in mind.

1

Identify the task

Your task determines what product you need – whether that's for wiping, cleaning or polishing.

2

Find the right product

- What size wiper or cloth does your task require?
- Do you need single or multi-use wiping?
- Do you have specific needs such as heat-resistance or solvent release properties?

3

Select the right dispenser

- Mobile, wall mounted or portable dispensing?
- Do you need single-hand dispensing?
- Do you need flexible mounting using magnets or suction cups?

Wiping

Wiping is mopping up spills, soaking up liquids and picking up dirt and dust with paper.

Cleaning

Cleaning is removing dirt and stains with non-woven cloths that are dry or used together with water, solvents or detergents.

Polishing

Polishing is creating a protected surface with polish applied and rubbed by a non-woven cloth to a shiny finish.

2 Find the right product

On the following pages, each product is explained in detail and sizes, pack counts and compatible dispensers are listed.

Wiping Paper

We understand that each wiping task has different requirements. Heavy industrial environments may need a paper that will help protect hands from heat or dirt and other environments may simply need a multi-purpose paper for a variety of daily tasks, such as mopping up general spills.

Could you benefit from QuickDry?

When standard paper is not up to the task at hand, Tork Wiping Paper with QuickDry is stronger and more absorbent. Durable for repeated use, minimising waste and delivering a measurable performance improvement that saves you time.

QuickDry

Tork Basic Paper

High volume wiping paper in centrefeed rolls for general, single-use applications. An essential tool on factory floors, garages, workshops or in areas where a continuous supply of paper is required.

- Low cost light wiping alternative
- Improved hygiene as hands only touch the paper to be used
- Reduce cross-contamination with single-use disposable wiping paper

Cleaning Cloths

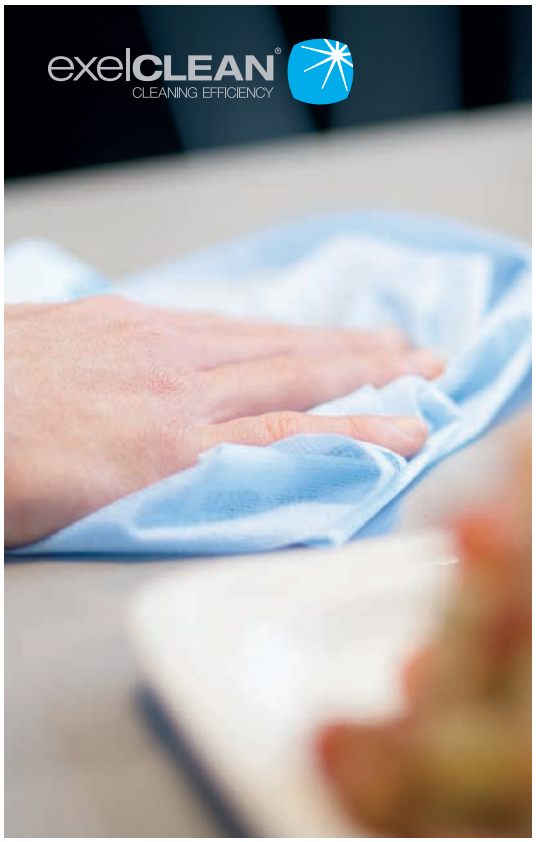
When it comes to cleaning, we understand that a cloth needs to be up to the task at hand. Whether that is a delicate task that requires a low level of lint, or a tougher task which requires more bulk and durability.

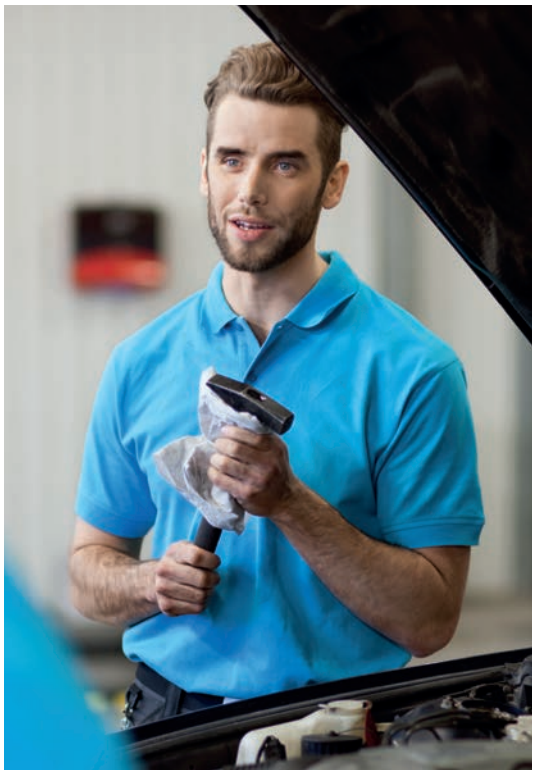
Could you benefit from exelCLEAN?

Many Tork Cleaning Cloths are produced using our patented endless fibre technology called exelCLEAN, which increases the strength of our cloth and helps save you time when cleaning.

Compared to rags, Tork Cleaning Cloths with exelCLEAN can help reduce solvent use by up to 41%*, with up to 35% less time and 35% less effort.

* Panel test conducted by Swerea Research Institute, Sweden, 2014.





Tork Cleaning Cloths (510)

Versatile, soft and flexible, yet strong. They are perfect for lighter cleaning tasks, quickly absorbing liquids and oils so you use less solvent or detergent to do the same job with superior hold and release properties.

- Light and flexible enough to clean into corners and confined spaces
- Non-scratching cloths and suitable for delicate surfaces
