

Tork helps you reach your sustainability goals by making sustainability easier.

Focus4 sustainability product benefits

Materials & packaging  - FSC® certified refills – the wood-based fiber in the product has been responsibly sourced. - The USDA Certified Biobased Product label is a certification mark of the U.S. Department of Agriculture – Biobased Heavy Duty Cleaning Cloth is made from 99% renewable fibers. - Inner packaging is made from at least 30% post-consumer recycled plastic.	Use & waste  - Optimize consumption and minimize waste with the one-at-a-time dispensing feature. - The cloths are suitable for repeated use, this helps to reduce consumption. - Cuts solvent consumption by up to 40%. (1) 20% less packaging waste. (2)
Carbon  Since 2011, we reduced the carbon footprint on our exelCLEAN assortment by 28%. (3)	Hygiene for all  - One-at-a-time improves hygiene, because the user touches only their own wiper. - Tork Easy Handling® ergonomic packaging for easier carrying, opening and disposal. - Reduces cleaning time up to 35% versus rags. (4) - Refills are third-party verified for short-term food contact. (5)

The information includes sustainability benefits at a system level for [Tork exelCLEAN®], covering the Tork refill and dispenser range for the respective country. In cases where a specific benefit does not apply to all products in the assortment, this is clearly indicated.
