Tork PeakServe® system (H5)

Tork helps you reach your sustainability goals by making sustainability easier.

Focus4 sustainability product benefits

- 1 Materials & packaging
- 4 Use & waste
- 4 Carbon
- 4 Hygiene for all

Materials & packaging

- FSC® certified refills – made from responsibly sourced fiber.

Use & waste

- Reduce refill frequency with a one-at-a-time dispensing system that helps control consumption and reduce waste. (1)
- Product is certified compostable in commercial facilities by CMA (2)
- Minimize waste by using every single hand towel – eliminate throwing away low rolls.
- Switching from Tork C-fold to Tork PeakServe will help reduce waste with 28%* (3)

Carbon

- Carbon neutral certified dispensers - Produced with purchased certified renewable electricity and remaining carbon emissions offset with credits from climate projects. (4)
- Reduce transportation with towels that are compressed by 50% . (5)
- Handtowels with 21% less Carbon footprint. (6)
- Tork PeakServe® has an average cradle-to-grave carbon footprint of 8.8 g CO2e per use, with cradle-to-gate part 4.5 g CO2e per use. (7)

Hygiene for all

- Dispensers are certified Easy to use. (8)
- Tork Easy Handling® ergonomic packaging for easier carrying, opening and disposal.
- Third-party verified for short-term food contact
- ADA Compliant- guarantees equal opportunities for people with disabilities.

The information includes sustainability benefits at a system level for [Tork PeakServe® system (H5)], covering the Tork refill and dispenser range for the respective country. In cases where a specific benefit does not apply to all products in the assortment, this is clearly indicated.

1. Based on data from the field test that showed over 10,000 towels, no double dispensing occurred over 98% of the time.. 2. According to Composting Manufacturing Alliance. 3. Comparing average weight of Tork 471114 and 290265 with average weight of Tork 100589. 4. Valid for dispensers sold or leased in North America from October 2023. ClimatePartner certified product: www.climate-id.com/en-gb/9VIUDN.. 5. With compressed towels you get twice as many towels (100% more) per cubic meter meaning you gain storage space and can transport more towels (*compared to Tork folded towel 150299). 6. On average, compared to the average of all Tork PeakServe® (H5) refill carbon footprint when commencing purchase of renewable electricity certificates (hydroelectric, solar, wind or mix), verified and matched through Renewable Energy Certificates (REC), for our paper making operations. The resulting carbon footprint reductions were quantified in a third party reviewed cradle-to-grave Life Cycle Assessment.. 7. Represents the Tork PeakServe® North American refill assortment per user occasion. Based on third party reviewed life cycle assessments (LCA) covering all refill quality tiers combined with consumption data. Because this data is a system average, it is not intended to be used in carbon reporting for specific articles and consumption.. 8. Certified by the Swedish Rheumatism Association..
