Welcome to the Tork® Food Processing range

Tork products can be used across all areas in your facility to **improve hygiene** and **increase efficiency**.

Food Zone Production 5 – 7

Hygienic hand washing and drying
Hosing down production areas
Wiping down food
Cleaning machinery and parts
Wiping up spills and food remains

Laboratory & QA kitchen 8

Equipment cleaning
Improved hand hygiene

Staff kitchens, canteens & breakrooms 9

Tea towel replacement
Hygiene when eating
Waste disposal

Washrooms, toilets & clean rooms 10 – 11

Hygienic washrooms
Better hand hygiene
Waste disposal

Inwards goods & reception areas 12

Hand hygiene

Exceed hygiene standards with Tork's purpose-built products for food processing

As the number one professional hygiene brand in the world,¹ we deal with people in all industries. We know how critical hygiene is in food manufacturing, which is why our products are specifically designed to help meet your regulatory requirements, so you can get on with business.

Improve hygiene and reduce risk

- Tork has the widest range of cloths and wipers with HACCP FZP certification, ensuring they are safe to use in direct contact with food, reducing the risk of cross-contamination
- Improve hygiene with Tork touch-free enclosed dispensers where you only touch what you use
- Increase hygiene compliance with expert advice on optimal placement of dispensers to ensure the product is accessible when and where you need it

Increase operational efficiency

- Improve efficiency with high-capacity hand towel, toilet paper, soap and sanitising dispensing systems that require less refilling and avoid run-outs
- Save time and simplify spray downs with the water-resistant Tork Washstation hand towel dispenser
- Reduce motion waste with optimal placement of handy dispensers, wipes and consumables where and when needed, minimising workflow interruptions and downtime
- Save time with Tork cleaning cloths, produced using patented exelCLEAN™ endless fibre technology for greater strength and cleaning efficiency

Reduce waste and meet sustainability goals

- Reduce inventory waste and overconsumption with convenient one-at-a-time dispensing solutions, including Reflex™ wiping paper, SmartOne® toilet paper and Xpressnap® napkins
- Lower climate impact with locally made products that are produced using high levels of renewable energy and geothermal steam
- Reduce waste with packaging improvements, such as compressed cleaning cloths that have less packaging

1. Based on 2013 Shared Market View Data

Sustainable sourcing, third party certifications and EPDs derisk purchasing decisions

Forest Stewardship Council® (FSC®)

FSC certification ensures that products come from responsibly managed forests and other controlled sources that provide environmental, social and economic benefits. Look for our FSC® certified products throughout this brochure.

fsc.org

Eco Choice Aotearoa is a New Zealand based Type 1 ecolabel that operates to international specifications requiring a reduction of impact over the product life cycle.

environmentalchoice.org.nz

Environmental Product Declarations (EPDs)

are independently verified and registered documents containing transparent and comparable data about the environmental impact of products through their life cycles.

epd-australasia.com

HACCP International

HACCP (Hazard Analysis and Critical Control Points) is an internationally recognised risk management system identifying, evaluating and controlling hazards related to food safety.

haccp-international.com

Swedish Rheumatism Association

'Easy to use' certification is awarded to products that can easily be used by people with reduced hand strength.

HACCP Certification

HACCP certification is designed to provide assurance to (food) buyers and sellers as to the 'fitness for purpose' of products, materials or services.

HACCP has three key Food Zone Classifications:

FZP FZP (Food Zone Primary) items are suitable to use in the food zone and are suitable for contact with food.

FZS FZS (Food Zone Secondary) items are suitable for touching food contact surfaces but are not expected to touch food during normal conditions of use.

SSZ SSZ (Splash or Spill Zone) items are suitable for use in food handling areas such as kitchens, production and processing areas, but are not suitable for coming directly into contact with food or items that will touch food. Many Tork dispensers are HACCP certified SSZ.

How can Tork help businesses with HACCP certification?

Tork provides a complete HACCP solution with leading edge hygiene products to help stop the spread of bacteria and food contamination by meeting strict HACCP Food Zone Primary (FZP) and Food Zone Secondary (FZS) standards.

Purpose built for wet environments, the new Tork Washstation simplifies spray downs, reducing waste and saving labour time.

Tork Washstation W6

- Water-resistant hand towel dispenser - no need to cover up or remove during spray downs
- High-capacity hygienic dispensing for fewer run-outs and less downtime
- HACCP FZP certified blue paper offers traceability in food materials, improving food safety

FSC Recycled: 130002

100% Recycled

Tork Matic® Hand Towel System H1

- High-capacity system reduces the risk of unhygienic run-outs
- Optimum hygiene through touch-free sensor dispensing
- 2 Ply extra soft advanced hand towel for greater strength and absorbency

FSC Recycled: 290068

Tork Soap & Sanitiser System S4

- The Tork Manual S4 Dispensers feature a variable dose size to help optimise consumption while supporting effective hand hygiene
- Quick and easy 3 second refilling reduces servicing time
- Odour-Control Soap removes common food odours from hands, ideal for use in food processing

Tork Vision Cleaning enabled dispensers offer a data-driven cleaning management solution that provides real-time traffic and refill status.

FZP HACCP - Food Zone Primary
FZS HACCP - Food Zone Secondary
SSZ HACCP - Splash and spill zone

Tork understands that good hygiene in production areas is critical. We offer the widest range of food contact safe, HACCP FZP certified wipers and cloths.

Tork Reflex™ Wiping Paper M4

- Choose HACCP FZP certified wipers to wipe down or strain food
- Single-sheet, hygienic dispensing reduces paper consumption by up to 37%²
- Touch only what you take and reduce the risk of cross-contamination

FSC Mix: 473242

FSC Recycled: 473480, 473263

Tork Centrefeed Wiping Paper M2

- High-capacity, free-flow centrefeed for quickly wiping up large spills and mess
- Certified HACCP FZP - safe for direct contact with food
- Convenient wall mounted dispensing provides wipers in the right place for increased efficiency

FSC Recycled: 128208

FSC Mix: 100134, 2198859, 120155
120155 - EPD lifecycle data

Tork Centrefeed Basic Paper M2

- High volume low cost centrefeed rolls for single use application
- Hygienic dispensing with easy-to-tear perforation
- Convenient wall mounted dispensing

FSC Mix: 130042, 130041, 130052

Tork Wiping Paper Plus W1/W2

- Reduce the risk of cross-contamination with certified food contact safe disposable wipers
- Made with QuickDry technology - stronger when wet and more absorbent for more efficient wiping
- Improve workstation efficiency with convenient formats and mobile, wall-mounted and portable dispensing solutions

- Blue for food safety planning, certified HACCP FZS
- Convenient formats and dispensing solutions for increased efficiency

FSC Mix: 130081

Tork Cleaning Cloths W4

- Food safe HACCP certified cloths with hygienic one-at-a-time dispensing
- Excellent hold and release properties ensures less cleaning chemicals used
- Wall mounted dispensers for tight spaces and easy refilling

FSC Mix: 510479, 530180, 530179, 530137

Tork Heavy-Duty Cleaning Cloths

- Strong, absorbent multi-purpose cloths, HACCP certified
- Excellent absorbency and strength when wet with exelCLEAN technology ensures less time and effort cleaning
- Range of Tork dispensers keep wipers close at hand reducing motion waste and increasing efficiency

Tork Floor and Wall Stand Dispensers W1/W2

- Mobile floor stand easy to move to wherever needed
- Easy, ergonomic loading for safe and reliable dispensing
- Optimal placement of dispensers helps improve efficiency, hygiene compliance and safety

FZP HACCP - Food Zone Primary
FZS HACCP - Food Zone Secondary
SSZ HACCP - Splash and spill zone

Comply with hygiene standards with Tork's easily accessible dispensers making cleaning more efficient than ever before.

Tork Cleaning Cloths W8

- Versatile, soft and flexible yet strong
- Non-scratching, low lint and suitable for delicate surfaces

FSC Mix: 510150

Tork Low Lint Handy Bucket W10

- Make your own wet wipes using your choice of chemicals (disinfectants and detergents)
- Thick, strong textured low lint cloths for better cleaning efficiency

FSC Mix: 190492, 190491, 312285

Tork Xpress® Multifold Hand Towel System H2

- One-at-a-time dispensing for reduced consumption and increased hygiene
- Simple and intuitive dispensing with Tork's most popular hand towel system
- Bundles can be topped up easily to avoid paper run-outs

Tork Soap & Sanitiser System S4

- Oil and Grease Soap is suitable for food preparation with fat dissolving ingredients for greasy hands
- Tork Alcohol Gel Hand Sanitisers are TGA registered (AUST R 380975) on the Australian Register of Therapeutic Goods (ARTG)
- Soft push dispensing certified as easy-to-use by the Swedish Rheumatism Association
