# Secure the new normal in hygiene for your students, staff and community

Improve hygiene, sustainability and save time in your school by having what you need, where you need it.

## Maintain good health

- Reduce the spread of germs, choose paper hand towel instead of air dryers
- Reduce the risk of run-outs with high capacity dispensers
- Reduce the risk of cross contamination with Tork touch free enclosed dispensers, single use products and HACCP food contact approved wipers

## Meet your sustainability targets

- Tork products are designed to reduce use, waste and greenhouse gas emissions
- Reduce waste and greenhouse gas emissions by 50% by composting used hand towels
- Over 65% of Tork tissue products are manufactured in New Zealand using between 63-76% renewable energy<sup>1</sup>

## Save time and money

- Save time using our single Tork key that fits in all Tork dispensers
- Prevent strains with our easy to use carry cases and side opening hand towel dispensers
- Prevent blocked toilets with flushable hand towels
- Refill soap and sanitisers in seconds with our dispensers that are certified easy to maintain

## Washrooms / changerooms / gyms

Ensure a healthy, hygienic school environment with dispensers that reduce usage, run-outs and vandalism.

## Max's Hand Washing Program for schools

Good hand hygiene is critical in schools where germs can easily spread. We have developed a range of teaching materials that are fun and informative to educate primary school children about the importance of hand hygiene. Including:

- Lesson plans
- Fact sheets
- Activity sheets

Take action to meet your sustainability goals and promote the choices you've made to your school community with our Better World posters and social media posts.
