The compact Tork Xpressnap Fit<sup>®</sup> Napkin Dispenser System uses one-at-a-time dispensing, something traditional dispensers don't, to control dispensing so that guests only take the napkins they need. This cuts waste, reduces refilling time and promotes hygiene because guests only touch the napkins they take.

## Improve your sustainability performance

### Well-being

Better protect your napkins with the hygienic dispensing system Tork Xpressnap Fit<sup>®</sup>.<sup>3)</sup> Only touch the napkins you use and keep remaining napkins away from dirt and moisture.

### More from less

Cuts unused napkins thrown-away by more than 50%.<sup>4)</sup> Reduces waste and over consumption with one-at-a-time dispensing.

### Circularity

Tork Xpressnap Fit napkins are 100% recycled, biodegradable and compostable according to EN: 13432:2000

### Unique features:

- **Easy Load**  
The lock down plate in the tabletop dispenser can be latched in the bottom position when open, making it easy to load with fresh refills.
- **Easy Start**  
Specially-designed fold makes the first napkin easy to grab after the dispenser is refilled.
- **Level Indicator**  
Shows when it is time to refill, enabling 100% napkin availability. No more running out of napkins during peak times of day.
