**Increased hygiene and safety**

.....

**Less waste**

### Portable & versatile

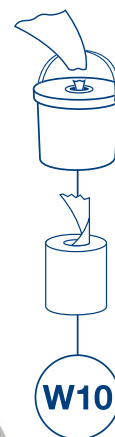

- Handy Bucket system allows you to make your own wet wipes using your choice of chemicals
- Single sheet dispensing in a portable handy bucket for ease of use
- Suitable for a wide range of tasks and use with most solvents, disinfectants and detergents, such as quaternary ammonium compounds or bleaching agents

### Increased hygiene and safety

- Avoid spread of infection with disposable wipes, compared to overused colour coded or microfibre cloths
- Prevent surface cross contamination as wipers cannot be re-dipped into the bucket
- Thick, strong, textured cloths provide better cleaning efficiency
- Reduce exposure to chemical vapours and splashes with enclosed bucket

### Less waste

- Reduce plastic waste with reusable bucket and refills
- Wipes don't dry out and can be re-wet
- Compact versatile sheet size

Ergonomic carry handle for easy portability

Resealable lid prevents wet cloths from drying out and enables chemicals to be topped up easily

Soft, stretchable and durable cloths allow reach into tight corners

One at a time single sheet dispensing

Wide opening lid ensures unused wipes fit easily back into the lid

Large reusable bucket ensures that the 200 wipes can be completely saturated at any required level

Refills can be replenished and purchased separately

Convenient sticker provided for labelling chemicals to meet safety requirements
