Washroom and Locker Room Cleaning

- Put on protective gloves and attire. Wear gloves for cleaning procedures. Gloves should be discarded after each cleaning. If using re-usable gloves, they should be dedicated for cleaning and disinfecting surfaces of certain zones in the working area.**

- Empty trash and recycling bins-replace liners and make sure to sanitize inside and outside of the waste bins as needed.**

- Clean and sanitize all high touch surfaces with a soap and registered disinfectant product. Use a new wiper for each area to reduce cross-contamination.**

- Restock all dispensers to ensure proper hygiene and hand washing practices can be achieved.**

- Mop the floor, with special attention to areas around the toilets and sinks. To reduce cross-contamination consider disposable cleaning options.**
