

Tork Foam cosmetic soaps (S4)

Tork is committed to developing innovative, sustainable hygiene solutions that are better for business, people and the planet.

Focus4 sustainability product benefits

Materials & packaging

- Most of the refills are EU Ecolabel certified – reduced environmental impact across the product life cycle. (1)
- Made with at least 94% ingredients from natural origin. (2)
- The bottle is made from 30% post-consumer recycled plastic, excluding the pump. (3)
- 10% less plastic is used in refill packaging. (4)

Use & waste

- Helps reduce soap consumption by up to 50% versus liquid soap. (5)
- Tork Sensitive Foam Soap helps reduce water consumption by over 30%. (6)
- Soap ingredients have a low impact on aquatic life and are biodegradable. (7)
- The bottle is collapsible, leading to 70% less waste volume. (8)
- Tork manual dispensers are designed to deliver over a million hand washes. (9)

Carbon

- Tork soaps are proven effective in cold water, this can help to save energy. (10)
- Refills produced with certified renewable electricity. (11)
- Carbon neutral certified dispensers available – produced with certified renewable electricity and compensated with climate projects. (12)

Hygiene for all

- Dermatologically tested, moisturising and gentle to the skin with skin-friendly pH.
- Tork Sensitive Foam Soap is adapted to the needs of allergy sufferers, certified by ECARF
- Factory-sealed bottle with a new pump for every refill helps reduce risk of contamination
- The soap and sanitiser system is certified Easy to use. (13)
