

# Tork Washstation for food production (W6)

Tork is committed to developing innovative, sustainable hygiene solutions that are better for business, people and the planet.

## Focus4 sustainability product benefits

### Materials & packaging

- FSC® certified refills – made from responsibly sourced fibre. (1)
- EU Ecolabel certified refills – reduced environmental impact across the product life cycle. (1)

### Use & waste

- Splashproof hood protects the refills from dirt and reduces waste through soiling
- One at a time dispensing helps to control consumption and reduce waste

### Hygiene for all

- One-sheet-at-a-time dispensing helps to minimize cross-contamination
- Refills are third-party verified for short-term food contact.
- HACCP International certified rolls shorten the time related to making production HACCP compliant
- Blue colour paper is more visible and offers traceability in food materials – improves the safety of production in food processing
- Tork Easy Handling® ergonomic packaging for easier carrying, opening and disposal.
- Fully enclosed roll - protection from splashes and dirt.

The information includes sustainability benefits on a system level for Tork Washstation for food production (W6), covering Tork European refill & dispenser assortment. In cases where a specific benefit does not apply to all products in the assortment, this is clearly indicated.
