Meet high hygiene expectations, with Tork skincare solutions

We have 50 years of experience

As the global leading professional hygiene brand, Tork has the solutions and innovations companies trust to help them secure the new hygiene standard.

In addition to our innovative portfolio, we have a broad, effective assortment of soap, sanitizer and dispensers.

Not only are Tork skincare solutions effective, the award-winning dispenser designs coordinate aesthetically with the hand towel and toilet paper systems customers are already using.

What's more, Tork skincare dispensers are certified easy-to-use,¹ leaving a positive impression on guests, encouraging hand hygiene compliance and reducing cross-contamination.

Customers already depend on Tork for their paper hand towel and toilet tissue needs and look to Tork for quality and effective skincare solutions that address both new hygiene expectations and ongoing business challenges.

With the Tork skincare assortment, staff can focus on delivering great customer service – not addressing washroom problems.

High-quality hand hygiene solutions

A comprehensive product selection:

A complete range of effective sanitizers and soaps with carefully chosen ingredients.

Flexible manual or sensor dispensers help secure a higher hygiene standard.

Tork Hygiene Stands keep hand hygiene top of mind and accessible for employees and customers when no water is available.

Securing best-in-class hand hygiene

Meeting high standards for efficacy: With a variety of antimicrobial soap and hand sanitizers in liquid, gel and foam form – all of which are tested to either an EN1499 or EN1500 standard.

Hygiene for all: Tork skincare dispensers' soft push buttons are certified "Easy to Use" by the Swedish Rheumatism Association,³ leading to easier dispensing for children and the elderly.

A hygienic system: Factory-sealed bottles, with a new pump for every refill, help reduce risk of contamination, compared to open bulk systems where 25% of open soap dispensers can be contaminated.⁴

Maximize handwashing efficiency

Employees need to practice hand hygiene often and effectively to prevent germ spread and reduce cross contamination, so they can maximize their time spent working.

To ensure washroom and handwashing efficiency, cleaners need to be able to refill dispensers quickly and correctly, so they can focus on other pressing cleaning tasks.

Easy-to-use: Tork dispensers are “Easy to Use,”⁶ and take less than 10 seconds to refill,⁷ saving time and energy for cleaning staff. Tork also provides a suite of washroom hygiene products including toilet tissue, hand towels, haircare and skincare. Each dispenser comes with one common Tork key, which makes refilling more efficient.

Reduces consumption: Measured, consistent dispensing reduces consumption by up to 50%,⁸ meaning less refills and increased soap availability.⁹

High capacity: Tork Foam Soap refills can serve up to 1,650 visitors, so less frequent refilling is required.⁹

⁵ Based on the documented results achieved by three Tork EasyCube customers, measured before and after the implementation of Tork EasyCube®

Functional and intuitive, Tork skincare dispensers limit hassle

Robust, hassle-free dispensers: Tork dispensers are proven to perform hassle-free up to 1MM pushes.¹⁰

Skincare, anywhere: Tork skincare dispensers come with a variety of dispensing mechanisms to best suit facility-specific needs so that hand hygiene can happen anywhere.

Hygiene inclusivity for all: Tork skincare dispensers' soft push buttons are certified "Easy to Use"¹¹ by the Swedish Rheumatism Association leading to easier dispensing and encouraging hand hygiene compliance.

Easy-to-maintain:

- Tork dispensers take less than 10 seconds to refill, saving time and energy for cleaning staff.¹²
- Tork provides a suite of washroom hygiene products including toilet tissue, hand towels, haircare and skincare. Each dispenser comes with one common Tork key, which makes refilling more efficient.
