

Better hygiene for better workflow

Deliver exceptional stays with clean spaces and confident staff

76%

of consumers would pay more for a hotel with better customer reviews¹

70%

of housekeepers' time is estimated to be spent on cleaning²

85%

of hotel guests would prefer to stay at a hotel that uses sustainable products²

No time to waste

In the fast-moving world of hospitality, time is everything. This bustling environment makes it hard for management to focus on a key part of the guest experience: cleanliness. With cleanliness influencing everything from guests' comfort to the reviews they leave behind, prioritising it isn't just smart, it's essential.
